

'Orient roll up' - 800mm x 2110mm template

This template is at quarter size and when enlarged will give a visible graphic area of 800mm (w) x 2110mm (h) plus will have an additional 200mm of non visible graphic at the bottom which is retained within the roller banner's base unit.

Pointers:

1. Any images that are placed within this document should be saved in CMYK.
2. Any images placed within this document should be ideally at least 600dpi so when enlarged are at least 150dpi. If possible place images at the best / highest resolution that you have for even better results.
3. Please add 3mm bleed all round.
4. Allow your background colour or image to extend into the non visible area by at least 20mm within this quarter size document so that no white edges are seen at the bottom of the graphic going into the base unit.
5. Artwork should be supplied as print quality PDF.
6. Put a 30% tint of Cyan, Yellow and Magenta under all large areas of solid black to make a strong black when printed. (including large black text).

If you should have any questions please do not hesitate to call.
