Design Template for a curved '**Plex Advantage**' 3x4 pop up stand (front & end panels)

This template is set at quarter size, please use it as one canvas to design your artwork.

This stand is made up of 6 panels, each measuring 653mm (w) x 2130mm (h).

Pointers

1. Any images that are placed within this document should be saved in CMYK.
2. Images should ideally be at least 600dpi so when enlarged are at least 150dpi. If possible place images at the best / highest resolution for even better results.
3. Add 3mm bleed all round as per this template.
4. The dark shaded areas indicate the curved end panels, do not place text within these areas that you want to be clearly visible from the front.
5. If placing a web address or text vertically down the end panels we would recommend that you place it in the position indicated.
6. Artwork should be supplied as print quality PDF.
7. Leave dotted line at top of page as per this template as this is used for cutting.
8. Put a 30% tint of Cyan, Yellow and Magenta under all large areas of solid black to make a strong black when printed. (including large black text).

If you should have any questions please do not hesitate to call.

Tel: 01202 606053 - ask for Rob.
